HONOLULU, HAWAII TERRITORY, TUESDAY, JULY 1, 1913—SEMI WEEKLY.

WHOLE NUMBER 3828

SUGAR TARIFF EFFECTIVE IN 1914

Senate Finance Committee Agrees to Amendment by Which Purchases under Payne-Aldrich Bill Can Be Disposed of Before Reductions Start—Free Sugar to Start May, 1916.

WINE MEN TO PAY DUTY

Another Amendment Is Adopted Which Would Put a Stamp Tax on All Cotton Sold for Future Delivery—Adjusts Rates on Articles Referred Back by Democratic Caucus.

WASHINGTON, June 30.—(Special to The Advertiser)—Postponement of the date on which the new sugar tariff shall go into effect until March 1, 1914, and a change of the date when the income tax shall be operative from January 1 to March 1, were agreed on by a majority of the members of the senate finance committee today in advancing the date when the proposed rate of a cent a pound on sugar shall be applied. The committee did not amend the schedule to affect the provision that sugar shall go on the free list May, 1916.

The committee also adopted an amendment which would put a stamp tax on all cotton sold for future delivery.

The members declined to reconsider the action in repealing the action of 1890 which released wine manufacturers from payment of the full internal revenue duty on brandies used in wines, and adjusted several rates on articles referred back by the Democratic caucus.

Extension of time on the sugar schedule, Chairman Simmons announced, was agreed to in order that sugars purchased under the Aldrich-Payne rate can be disposed of without the handicap of the effect of reduced tariff rates.

FO MITCIV SI BOY

WAIHAWA SHOOTING

Chief of Detectives McDuffie and Deputy Sheriff Kellett left for Waihawa at twelve-thirty o'clock this morning in response to an excited message sent to police headquarters that a man, believed to be a soldier, had shot a boy and then made his escape.

Neither the name of the man who did the shooting nor his victim were given. The officers later made every effort to get in touch with the deputy sheriff or others at Waihawa but without success. The only information that could be secured was that the lad had been shot over the heart and would probably die. McDuffie and Kellett left in an automobile.

EXECUTOR IS MISSING BIG SHORTAGE FEARED

(By Federal Wireless Telegraph.) SAN FRANCISCO, June 30.—(Special to The Advertiser)—It was stated today that Attorney Frank Madison had threatened to swear to a warrant charging John H. Speck, the realty man who is missing, with embezzlement of trust funds of the Frank McGlinchey estate, of which he is executor. The Merchants' National Bank also holds notes said to be backed by doubtful securities to the Western Bank, aggregating \$50,000.

Despatches Say Watson Will Be Governor By End of the Week

EDWARD M. WATSON.

Whose Friends Believe Will Be Named for Governor of Hawaii Before Close of Present Week.

LEADING DEMOCRATS RECEIVE MESSAGES SAYING THAT ATTORNEY'S NAME WILL BE SENT TO THE SENATE AT ONCE—WATSON IS DUE TOMORROW.

Confirmation of the report first published by The Advertiser on April 28, that E. M. Watson would be appointed Governor of Hawaii if his health permitted him to accept the office, was contained in dispatches received by prominent Democrats yesterday, stating that Mr. Watson had been notified of his appointment, and that the President would send his name to the senate at once, not later than the end of the week. Mr. Watson is on the Manchuria which will reach Honolulu tomorrow.

Mr. Watson has been regarded by many as the logical candidate for the governorship, and it has been generally conceded that there would be no question of his appointment if President Wilson were convinced that his health was such as to permit of him assuming the duties of the office. It is understood that Watson's health has improved to such an extent, that the

President has been convinced of his physical fitness. Democrats of the city who have kept clear of the twin menageries masquerading under the titles of the Democratic county committee, hailed the news of yesterday with delight. Watson, it is known, has nothing in common with Banana Jack Kakaia and his associates who have succeeded in making a laughing stock of the party in Honolulu, and it is understood, that as Governor, he would favor a reorganization of the party in the Islands with a view to placing it on a respectable basis.

Informed yesterday that the political fortunes of his patron had gone dimming, Banana Jack, it is said, announced that if his here President, he no make Link Governor, then we call a meeting of the county committee and read President Wilson and Secretary Lane out of the Democratic party. I am chairman and I will do it.

TEN MORE PAY TOLL OF DEATH IN HEAT WAVE IN CHICAGO

(By Federal Wireless Telegraph.) CHICAGO, June 30.—(Special to The Advertiser)—Forty-seven deaths, ten of them today, and scores of prostrations charges growing out of the Diggs-Ca of the hot spell. All June records for heat were broken at two o'clock this afternoon when the weather bureau reported the thermometer at 99 degrees and still rising.

A thunder storm promised for tomorrow is the only relief in sight, but it is predicted that the humidity will decrease.

If the weather forecast materializes the temperature may be ten degrees lower tomorrow.

BRYAN IN COMMONER COMES TO DEFENSE

(By Federal Wireless Telegraph.) WASHINGTON, June 30.—(Special to The Advertiser)—Defense of Attorney General McReynolds, Secretary of Labor Wilson and Immigration Commissioner Caminetti in connection with charges growing out of the Diggs-Ca minetti white slave cases is voiced today by Secretary of State Bryan in an editorial written for the Commoner.

ANSWER TO JAPAN FILED; CONTENTS ARE NOT DIVULGED

(By Federal Wireless Telegraph.) WASHINGTON, June 30.—(Special to The Advertiser)—The government's reply to Japan's recent note regarding the California land law was completed today and will be forwarded to the Tokyo government within a few days. Government officials, however, flatly declined to intimate what the answer contains.

APPROVED MERGER PLAN PRESENTED TO COURT

(By Federal Wireless Telegraph.) ST. PAUL, Minnesota, June 30.—(Special to The Advertiser)—Bearing the endorsement of President Wilson and Attorney General McReynolds, the Southern Pacific-Union Pacific merger plan was presented to the United States district court here today. It provides for the deal of \$38,000,000 of the Southern Pacific stock to the Pennsylvania railroad and the acceptance of the Union Pacific of \$42,000,000 of Baltimore & Ohio Railroad stock in return.

BATTLE ALONG MACEDONIAN LINE

Bulgarians Open Attack While Servian House Is Considering Acceptance of the Arbitration Plan Offered by Emperor of Russia—Fate of Pachtich Cabinet Undecided.

PEACE PLANS ARE UPSET

Invasion Seize Railroad, Extend Their Attack to Greek Troops, and Hard Fighting and Heavy Losses Are Reported to Excited Populace at Belgrade.

(By Federal Wireless Telegraph.) BELGRADE, Serbia, June 30.—(Special to The Advertiser)—The Bulgarians this morning officially opened the attack on the Servian troops along the whole line in Macedonia. The publication of the news created immense excitement.

The Servian Premier Pachtich was addressing parliament in support of his policy of accepting the arbitration offered by the Russian Emperor when the news of the outbreaks of hostilities was brought in by an official of the foreign office. He hurriedly went to his office. The excitement in the house was so great that the sitting had to be suspended until tomorrow and the fate of the Pachtich cabinet remains undecided. The opposition members demand guarantees that territory in Macedonia now held by Servian troops shall be annexed.

The Bulgarian troops opened their attack at two o'clock this morning on the Servian advanced posts before Jutpi and a couple of hours later their artillery was brought into action. The Bulgarian attack gradually swayed until there was fighting at Retna, Boukva, Zletova, Neoghi and Valandovo. The Bulgarians have seized the railroad. The Bulgarians also attacked the Greek troops along their whole front, and large masses of troops participated in the fighting, which was of a bloody nature.

SOLDIERS MEET AT GETTYSBURG

Heroes of the Union and of the Confederacy Who Were in Fight That Decided Great War Reunite—Heat Prostrates Many.

(By Federal Wireless Telegraph.) GETTYSBURG, June 30.—(Special to The Advertiser)—Forty-five thousand veterans of the Civil War spent today living over the terrific battle of fifty years ago when Generals Meade and Lee turned their legions southward from the hills of Gettysburg. The physicians attending the old warriors are apprehensive, but the veterans all say it is not nearly so hot so far as it was fifty years ago.

General Bennett Young, commander-in-chief of the Confederates was escorted to headquarters by a detachment of the blue and grey veterans. General Albers, the Grand Army commander, is already on the ground. Only two hours daily will be devoted to any set program, the physicians fearing the veterans will be unable to stand longer. The formal function will take place this afternoon when survivors of Joe Wheeler's cavalry and Buford's Union cavalrymen. Two veterans already have succumbed to the heat and fifty others are prostrated. It is feared the excitement combined with the heat will result in prostration of others.

Marine Tidings

(By Kahuku Wireless.) Kahuku wireless was in touch with the steamer Manchuria last night which will arrive from San Francisco at six o'clock on the morning of July 2. The Mongolia at eight o'clock last night reported being 580 miles off Honolulu en route from Yokohama. It is due to arrive at quarantine at one o'clock Wednesday afternoon. All were reported well. The Anyo Maru, also from Yokohama, reported that it will arrive in port Wednesday afternoon.

Didier Masson Falls With Machine Into Enemy's Camp

DIDIER MASSON.

Aviator, well known in Honolulu, who is believed to have lost his life in Mexico.

DARING AVIATOR RECONOITERING OVER SCENE OF SANGUINARY BATTLE AT GUAYMAS, PLUNGES TO EARTH WITH AEROPLANE AND IS SEEN NO MORE.

(By Federal Wireless Telegraph.) DOUGLAS, Arizona, June 30.—(Special to The Advertiser)—Fears that Didier Masson, the French aviator, has been killed or seriously injured are entertained in the rebel camp at Guaymas today, when he was under fire while making a detour over the country. Masson's aeroplane was seen to lurch and descend rapidly within the federal lines. Nothing has been heard from him since.

Firing from the garrison ceased suddenly about midnight. The rebels fearing mines, however, made no advance. Part of the federal garrison already has embarked on the warship and a transport in the harbor.

It is thought probable that the rebels, realizing the country was gone, have mined the streets surrounding the arsenal and are prepared to quietly retreat. The misery from the heat, famine and disease in the camps of both federals and insurgents, is beyond description.

The rebels marched into the town late Saturday, expecting to take possession without opposition. They were met by a detachment of machine guns and infantry firing at the federals, and immediately a bloody battle raged in the streets. The constitutionalists took refuge in the town in a stubborn fight which began for the possession of Guaymas.

The federal garrison in the harbor attempted to bombard the rebels, but so close were the contesting armies that the garrison was forced to cease, through fear of dropping shells into the federal ranks.

BATTLE AGAINST WHITE PLAGUE IN TERRITORY TO BE AIDED BY THE USE OF MOVING PICTURES

What is believed will be one of the greatest aids of the Anti-Tuberculosis League and the board of health in the work of educating the people of the Territory in the combat against the Great White Plague will be inaugurated next week when moving picture exhibitions will be given. Complete moving picture equipment, together with a series of films depicting the work of the National Society for the Prevention of Tuberculosis was received by the anti-tuberculosis bureau of the board of health last week.

The first exhibitions of the films are to be given at the Hawaiian Opera House on the nights of July 7 and 8. Every settlement of importance in the entire Territory will eventually be visited.

Under arrangements by Doctor Pratt and Doctor Sinclair a private exhibition of the films was given at the Opera House last night. Invitations were extended to physicians, persons interested in the great health crusade now being carried on here, members of the board of health department, editors of the Chinese, Japanese, Korean, Hawaiian, Filipino, Portuguese, English and other newspapers, and others. About one hundred persons prominent in those lines were present.

Among the physicians in attendance were Dr. James T. Wrayson, Dr. Archibald N. Sinclair, Dr. John S. B. Pratt and Dr. Samuel B. Barnes. J. R. Galt, president of the Palama Settlement Association, as well as James A. Rath, head worker of the settlement, were interested spectators to the convincing scenes which were depicted.

Secretary Porter, Chief Sanitary Inspector Charles, District Sanitary Inspector Foster and most of the members of the sanitary force working under these officers were also there.

Many Hawaiians now attending the Kawaiahae Church meeting were specially invited. Several women prominent in health work and other philanthropic efforts accepted the invitation to be present.

"The Awakening of John Bond" was the title of one of the films. The story is so strikingly and convincingly told that it cannot help but do good. It shows a selfish tenant owner in one of the crowded Eastern cities using political influence to keep from complying with health regulations, how death and suffering from tuberculosis resulting from this neglect follow, and finally how the selfishness of the man is brought home with telling effect when his bride fall victim to the dread disease.

It is here that the work of the Red Cross comes in, the methods being used to successfully combat tuberculosis are shown and finally with health restored to his bride as well as those whom his selfishness had brought near to death. John Bond becomes a staunch supporter of the health workers.

"The Red Cross Seal" was another striking picture, as was "Hope." It is not necessary to understand language to see the pictures. They are clear and sharp and indelibly impress those who see them. That they will do good in educating the cosmopolitan residents of the Islands there is no doubt.

It is the plan to give two performances on each of the two nights the pictures will be displayed here next week. At the first performance each night an admission of twenty-five cents, fifteen cents and five cents will be charged. Funds raised in this way, it is hoped, will aid in paying some of the expense of the exhibit. The second performance each night will be free to everyone. A large crowd is expected at each.

New films will be secured as rapidly as the work justifies. In addition to this exhibition it is the plan to also have films of a similar nature included in the programs of the established photo play houses.

President Pratt of the board of health has a large collection of slides showing the sanitary condition of tenement districts in different portions of the Territory. These, also, will be shown.

PEARL HARBOR DRYDOCK IS ASSURED

Special Naval Board Submits Report Covering Investigations and Makes Recommendation That Graving Dock in Mid-Pacific Be Built Without Delay.

IS APPROVED BY DANIELS

It is Expected That Secretary of the Navy, Who Now Has Report, Will Urge Congress to Make Appropriation for Big Project.

WASHINGTON, July 1.—(By Associated Press Cable)—The special report of the naval experts engaged in examining the conditions surrounding the destruction of the drydock at Pearl Harbor, containing the findings and recommendations, was announced today. The report recommends that the drydock at Pearl Harbor be constructed without delay.

It is probable that as a result of the report, which is in the hands of Secretary of the Navy Daniels, the latter will make it the subject of a special report to congress, asking for an appropriation to complete the great undertaking which was delayed when the massive concrete graving yard in the middle of the naval base was destroyed, a few months ago.

The report deals with the conditions under which the drydock was built, the geological formation of the bay and shore lines, as well as a detailed plan by which it is hoped the project can be carried to a successful conclusion.

LIGHTLY FINED FOR AIDING SUFFRAGETTES

(By Federal Wireless Telegraph.) LONDON, June 30.—(Special to The Advertiser)—Four men, arrested while participating in the militant suffragette attack on the official residence in Downing street of Premier Asquith and Chancellor of the Exchequer Lloyd George, were brought up at the police court today and fined ten pounds each, with the alternative of fourteen days imprisonment. A fifth man, who had taken a minor part in the disturbance, was fined five pounds or a week in prison.

CASTLE IN SCOTLAND GOES UP IN SMOKE

(By Federal Wireless Telegraph.) GLASGOW, June 30.—(Special to The Advertiser)—Ballikinnairn Castle, at Ralfron, Stirlingshire, one of the largest in Scotland, was burned today, only the bare walls remaining. The fire seemed to have been incendiary, as the private fire apparatus had been rendered useless. The usual rumors are laying the blame of the outrage on the militant suffragettes.

A musical sound as the automobile, with throttle opened wide, sped along King street. Then from out of the shadows of side streets, other autos darted in behind the bridal car. From the interiors came wailing and screeching, for in one of the machines was a Chinese band outfit, played by persons who knew not the delicate tones of Chinese music. Swiftly the pursued machine dashed along King street toward Waikiki and as swiftly did the pursuers cling to the fugitive honeymooners.

One by one, however, the pursuers dropped out of the race, and soon, as the cars separated from the streamers and the noise quieted down, the honeymoon machine finally disappeared in the darkness, doubled on its tracks, and lost the remaining pursuers.

The groom is associated with the automobile department of the von Hamm-Young Company.

BRIDAL COUPLE SEEK ESCAPE FROM NOISY FRIENDS WHO PURSUE THEM IN AUTOMOBILES

In the pretty chapel of St. Elizabeth's Episcopal Mission at half-past eight o'clock last evening, Miss Marguerite Wallace Consens became the bride of Mr. George Rossman Humphrey, Canon Osborne of St. Clement's Church officiating.

The bride was given away by her mother, Mrs. Kenneth Consens. The maid of honor was Miss Lucy Dimond and the best man was Frank Harris.
